Construction Method:

1. Inflate 1 of each colour of 5" Reflex balloons to around 3" (slight variations in size will be good) and tie them together into a triplet.
2. Create 2 more triplets as per step 1.
3. Make 4 double-loop bows with the red Poly Ribbon, tying around the middles with a length of Red Curling Ribbon.
4. Cut 6 shapes like this from the black vinyl, approx. 12 to 14" in length, plus 12 stars about 1.5" wide:

5. Inflate the three Orbz balloons with air and apply the vinyl: 2 each of the long designs in a cross on the bottom of each balloon, and 4 stars per balloon higher up and placed between the ends of the cross. See picture.
6. Tie each balloon to a length of red poly ribbon with a short piece of red curling ribbon and decorate with one of the bows and a latex triplet.
7. Hang individually, or group together at different heights, held together with the fourth bow.
