

Table Top Snow Globe

Christmas

Designed By Chris Horne

Product Required:

- 1 x Anagram Jovial Santa mini Shape 4010602
- 1 x Anagram Crystal Clearz Petite 8298411
- 5 x Sempertex 5" Reflex Gold 20014169
- 5 x Sempertex 5" Reflex Crystal Red 20014505
- 5 x Sempertex 5" Metallic Green 20014505
- 1 x Sempertex 260 Reflex Gold 20014180
- 0.5 litre of White Polystyrene beads
- Balloon bond or glue.
- Scraps of Modelling balloons
- Gold metallic Vinyl "Merry Christmas!"
- Gold foil Balloon weight.

Estimated Labour time: 15 minutes

Construction Method:

1. Create a cluster of 5 x 5" Reflex Gold balloons inflated to 4.5" and wrap tightly around the neck of the Foil weight.
2. Create a second cluster with 5 x 5" Reflex Crystal Red balloons inflated to 4" and sit it on top of the Gold cluster. Pull one of the gold balloon necks up through the middle of the red cluster and wrap it around and through several times to secure. Ensure the clusters sit flat.
3. Repeat step 2 with a cluster of 5" Metallic Green balloons inflated to 3.5"
4. Remove the valve from the Crystal Clearz Petite and inflate fully to stretch it. Hold for a few moments, then deflate.
5. Tip the polystyrene beads in through the neck, either through a funnel, or by stretching the neck open with a stretching tool.
6. Roll up the Jovial Santa foil and insert it into the Clearz through the neck, keeping the inflation point outside.
7. Inflate the Jovial Santa, keeping hold of the inflation point. Heat seal the Santa balloon.
8. Inflate the Clearz until the Santa sits well inside. Seal the Clearz by twisting the neck and tying tightly with a scrap of 260. Tie into the top of the design.
9. Create a chain of Reflex Gold bubbles in the 260 balloon, then wrap the chain around the design between the red and green clusters. Tie at the back, remove any excess balloon and hold in place with balloon bond if necessary.
10. Apply the vinyl lettering to the Clearz balloon.
